RUNNING PRESS

As part of NF Awareness Month, celebrity doodles are available for auction on eBay during May. These doodles have a very important aim: the funds they raise will benefit NF, Inc., an organization dedicated to providing support to individuals and families affected by Neurofibromatosis (NF). Neurofibromatosis is a genetic disorder that affects one in every 2,500 births. NF is more common than Cystic Fibrosis, Muscular Dystrophy and Huntington's Disease combined. Funds raised from the Doodle Day auction will go to support education, advocacy, coalitions, and research for treatments and a cure. To learn more about NF, please visit www.nfnetwork.org. For more information about National Doodle Day, email doodleday@nfnetwork.org

Time for a trip.

Who's in this car? (And what have they packed?)
